The Synergy Theatre Project

Synergy Theatre Co has been working with our Year 10 and 11 students which has been an extremely successful.

All work was based on a play called 'Blackout' which was centered on a true life story of a young man who wakes up in prison, having no recall of how he arrived there. As part of their award, the Year 11s, filmed the cast on stage and interviewed them. All participation students have achieved the Arts Award in Development.

Two of our students have now been offered placements with a professional film company.
